

Learn More about Your Child's Development:

Developmental Monitoring and Screening

Taking a first step, waving “bye-bye,” and pointing to something interesting are all developmental milestones, or things most children can do by a certain age. Children reach many milestones in how they play, learn, speak, act, and move. Developmental monitoring and screening are ways to look for your child's developmental milestones.

Developmental Monitoring

WHO:	You — parents, grandparents, other caregivers
WHAT:	Look for developmental milestones
WHEN:	From birth to 5 years
WHY:	To help you: <ul style="list-style-type: none">➤ celebrate your child's development➤ talk about your child's progress with doctors and child care providers➤ learn what to expect next➤ identify any concerns early
HOW:	With easy, free checklists – get yours at www.cdc.gov/Milestones

Developmental Screening

WHO:	Healthcare provider, early childhood teacher, or other trained provider
WHAT:	Look for developmental milestones
WHEN:	At 9, 18, and 24 or 30 months, or whenever there is a concern
WHY:	To find out: <ul style="list-style-type: none">➤ if your child needs more help with development, because it is not always obvious to doctors, child care providers, or parents➤ if a developmental evaluation is recommended
HOW:	With a formal, validated screening tool – learn more at www.hhs.gov/WatchMeThrive

➤ All young children need both developmental monitoring and developmental screening.

➤ The best person to track your child's development is you!

Use free **milestone checklists** and go over them with the doctor at every well-child visit.

To see *Milestones in Action* visit www.cdc.gov/Milestones.

➤ What if your child is not reaching milestones as expected?

You know your child best. If you are concerned about your child's development, talk with your child's doctor about your concerns and ask about developmental screening. For more information, go to www.cdc.gov/Concerned. Don't wait! Acting early can make a real difference.

Your child's development is a journey.
Monitoring and screening show you the way.
